

Bihar Budget Analysis 2024-25

The Finance Minister of Bihar, Mr Samrat Chaudhary, presented the Budget for the state for the financial year 2024-25 on February 13, 2024.

Budget Highlights

- The **Gross State Domestic Product (GSDP)** of Bihar for 2024-25 (at current prices) is projected to be Rs 9.76 lakh crore, amounting to growth of 13.5% over the previous year.
- **Expenditure (excluding debt repayment)** in 2024-25 is estimated to be Rs 2,56,333 crore, a decrease of 12% over the revised estimates of 2023-24. In addition, debt of Rs 22,393 crore will be repaid by the state. In 2023-24, expenditure (excluding debt repayment) is estimated to be 22% higher than the budget estimate.
- **Receipts (excluding borrowings)** for 2024-25 are estimated to be Rs 2,27,238 crore, an increase of 5.7% over the revised estimates of 2023-24. In 2023-24, receipts (excluding borrowings) are estimated to be 1% higher than the budget estimates.
- **Revenue surplus** in 2024-25 is estimated to be Rs 1,121 crore (0.1% of GSDP). As per the revised estimates, the state is expected to observe a revenue deficit of Rs 35,530 crore in 2023-24 (4.1% of GSDP). In 2023-24, revenue surplus of Rs 4,479 crore was estimated at the budget stage (0.5% of GSDP).
- **Fiscal deficit** for 2024-25 is targeted at 3% of GSDP (Rs 29,095 crore). In 2023-24, as per the revised estimates, fiscal deficit is expected to be 8.9% of GSDP, significantly higher than budgeted (3% of GSDP).

Policy Highlights

- **Women self-help groups:** Jeevika will be expanded to provide for women self-help groups in urban areas.
- **Support to students from backward classes:** More exams will be covered under the scheme to provide a one-time cash transfer upon clearing the preliminary round of competitive examinations.
- **Grants to small entrepreneurs:** To improve the financial situation of poor households, a scheme to provide a grant of two lakh rupees for setting up a small business has been approved. The outlay towards this scheme is estimated to be Rs 1,000 crore in 2024-25.

Bihar's Economy

- **GSDP:** In 2022-23, Bihar's GSDP (at constant prices) is estimated to grow at 10.6%. Bihar's GSDP is estimated to grow at a higher rate than the national GDP (7.2%) in 2022-23.
- **Sectors:** In 2022-23, the agriculture, manufacturing and service sectors are estimated to grow by 6.7%, 6.8%, and 13% respectively. In 2022-23, agriculture, manufacturing, and services are estimated to contribute 25%, 17%, and 58% to the economy, respectively (at current prices).
- **Per capita GSDP:** The per capita GSDP of Bihar in 2022-23 (at current prices) is estimated at Rs 59,637, an increase of 14% over the previous year. In 2022-23, per capita GDP at the national level is estimated to be significantly higher (Rs 1,96,983).
- **Unemployment:** As per the Periodic Labour Force Survey (July 2022-June 2023), the unemployment rate in Bihar was 3.9%, higher than the national level (3.2%). Unemployment in the 15-29 years age group was 13.9%, also higher than the national level (10%).

Figure 1: Growth in GSDP and sectors in Bihar at constant prices (2011-12)

Note: Agriculture also includes mining and quarrying; manufacturing also includes construction, and electricity, gas, water, and other utility services. These numbers are as per constant prices (2011-12) which implies that the growth rate is adjusted for inflation.

Sources: Bihar Economic Survey 2023-24; PRS.

Budget Estimates for 2024-25

- Total expenditure (excluding debt repayment)** in 2024-25 is targeted at Rs 2,56,333 crore. This is a decrease of 12% over the revised estimates for 2023-24. This expenditure is proposed to be met through **receipts (excluding borrowings)** of Rs 2,27,238 crore and net borrowings of Rs 29,295 crore. Total receipts for 2023-24 (other than borrowings) are expected to register an increase of 5.7% over the revised estimates for 2023-24.
- Revenue surplus** in 2024-25 is estimated to be Rs 1,121 crore (0.1% of GSDP). In comparison, in 2023-24, the state is expected to observe a revenue deficit of Rs 35,530 crore (4.1% of GSDP). **Fiscal deficit** for 2024-25 is targeted at 3% of GSDP (Rs 29,095 crore), which is within the limit of 3.5% of GSDP permitted by the central government (of which 0.5% of GSDP becomes available upon undertaking power sector reforms).
- In 2023-24, as per revised estimates, deficit levels are expected to be significantly higher than budget estimates. This is owing to significantly higher expenditure estimated at the revised stage (22%), without a similar increase expected in receipts (1% higher than budgeted). Fiscal deficit in 2023-24 is expected to be 8.9% of GSDP as per the revised estimates. Given that the estimated fiscal deficit is significantly above the permitted fiscal deficit limit for the year (3.5% of GSDP), these revised estimates are unlikely to hold. Hence, actual expenditure in 2023-24 might be significantly lower than the revised estimate.

Credibility of revised estimates

The purpose of revised estimates in the budget is to provide a more realistic picture of the ongoing financial year, based on actual data for 9-10 months. However, in Bihar, expenditure estimates at the revised stage are often unrealistic, leading to fiscal deficit estimates being above the permitted limit. In 2021-22, 2022-23 and 2023-24, as per the revised estimates, fiscal deficit as % of GSDP has been estimated to be 11.3%, 8.8%, and 8.9% respectively. In 2021-22 and 2022-23, fiscal deficit as % of GSDP as per actuals was 4.8% and 6%, respectively. Expenditure estimates for 2022-23 at the revised stage was estimated to be 21% higher than the budget estimates, however, actual expenditure in 2022-23 is 2% lower than budgeted (Table 7 in Annexure 2).

Table 1: Budget 2024-25 - Key figures (in Rs crore)

Expenditure in 2024-25

- Revenue expenditure** for 2024-25 is proposed to be Rs 2,25,677 crore, a decrease of 10% over the revised estimates for 2023-24. This includes the expenditure on salaries, pensions, interest, grants, and subsidies. In 2023-24, revenue expenditure is estimated to be 20% higher than the budget estimates.
- Capital outlay** for 2024-25 is proposed to be Rs 29,416 crore, a decrease of 26% over the revised estimates for 2023-24. Capital outlay indicates the expenditure towards creation of assets. In 2023-24, as per revised estimates, capital outlay is expected to be 35% higher than the budget estimates.

Table 2: Expenditure budget 2024-25 (in Rs crore)

Items	2022-23 Actuals	2023-24 Budgeted	2023-24 Revised	% change from BE 23-24 to RE 23-24	2024-25 Budgeted	% change from RE 23-24 to BE 24-25

Sources: Annual Financial Statement, Bihar Budget 2024-25; PRS.

Committed expenditure: Committed expenditure of a state typically includes expenditure on payment of salaries, pensions, and interest. These expenditure items are difficult to rationalise in short-term. A larger proportion of budget allocated for committed expenditure limits the state's flexibility to decide on other developmental expenditure priorities such as capital outlay. In 2024-25, Bihar is estimated to spend Rs 92,882 crore on committed expenditure, which is 41% of its estimated revenue receipts. This comprises spending on salaries (18% of revenue receipts), pension (14%), and interest payments (9%). In 2024-25, expenditure towards salaries is estimated to be register an increase of 24% over the revised estimates for 2023-24. In 2022-23, as per actuals, 36% of revenue receipts were spent towards committed expenditure.

Table 3: Committed Expenditure in 2024-25 (in Rs crore)

Receipts in 2024-25

- **Total revenue receipts** for 2024-25 are estimated to be Rs 2,26,798 crore, an increase of 6% over the revised estimates for 2023-24. Of this, Rs 61,626 crore (27%) will be raised by the state through its **own resources**, and Rs 1,65,173 crore (73%) will come **from the centre**. Resources from the centre will be in the form of state's share in central taxes (50% of revenue receipts) and grants (23% of revenue receipts).
- **Devolution:** In 2024-25, the state's share in central taxes is estimated at Rs 1,13,012 crore, an increase of 10% over the revised estimates for 2023-24. As per the interim Union budget 2024-25, Bihar's share in central taxes is estimated to be Rs 1,22,686 crore in 2024-25.
- **Grants from the centre** in 2024-25 are estimated at Rs 52,161 crore, a decrease of 5% over the revised estimates for 2023-24.
- **State's own tax revenue:** Bihar's total own tax revenue is estimated to be Rs 54,300 crore in 2024-25, an increase of 8% over the revised estimates for 2023-24. Own tax revenue as a percentage of GSDP is estimated at 5.6% in 2024-25, lower than the revised estimates for 2023-24 (5.9%). As per the actual figures for 2022-23, own tax revenue as a percentage of GSDP was 5.9%.

Table 5: Break-up of the state government's receipts (in Rs crore)

Items	2022-23 Actuals	2023-24 Budgeted	2023-24 Revised	% change from BE 2023-24 to RE 2023-24	2024-25 Budgeted	% change from RE 2023-24 to BE 2024-25
State's Own Tax	44,018	49,700	50,400	1%	54,300	8%

Net Receipts	1,72,730	2,12,759	2,14,926	1%	2,27,238	6%

BE is Budget Estimates; RE is Revised Estimates.

Sources: Annual Financial Statement, Bihar Budget 2024-25; PRS.

- In 2024-25, **State GST (SGST)** is estimated to be the largest source of own tax revenue (58% of own tax revenue). SGST revenue is estimated to increase by only 1% over the revised estimates for 2023-24. However, compared to actual collection in 2022-23, SGST revenue in 2024-25 is estimated to register an annualised increase of 17%.
- Revenue from Sales Tax/ VAT in 2024-25 (Rs 10,010 crore) is expected to register an increase of 26% over the revised estimates for 2023-24.

Grants from centre for urban local bodies

As per the recommendations of the 15th Finance Commission, the central government has been providing grants to urban local bodies (ULBs) of Bihar. Total recommended grants are Rs 9,999 crore over five-years period between 2021-22 and 2025-26. Out of this, the entire grant for ULBs in cities with million-plus population is performance-linked (Rs 1,690 crore in total). Patna is the only city under this category. The grant will be available upon meeting certain targets for improving air quality, drinking water supply, and sanitation. In case of other cities, 60% of the grants are tied in nature. In 2021-22, Bihar could avail only Rs 836 crore out of Rs 1,827 crore of grant available for its ULBs (54% less). In 2022-23 too, the receipt on this account was 18% lower (Rs 1,552 crore against the available sum of Rs 1,892 crore).

Deficits and Debt Targets for 2024-25

The Bihar Fiscal Responsibility and Budget Management Act, 2006 provides annual targets to progressively reduce the outstanding liabilities, revenue deficit and fiscal deficit of the state government.

Revenue surplus: It is the difference of revenue receipts and revenue expenditure. A revenue surplus implies that the government’s revenue is sufficient to cover expenses which do not increase its assets or reduces its liabilities. The budget estimates a revenue surplus of Rs 1,121 crore (0.1% of the GSDP) in 2024-25. Between 2019-20 and 2023-24 (as per revised estimates), the state has persistently observed a revenue deficit, which implies that it has relied on borrowings to meet its revenue expenditure.

Fiscal deficit: It is the excess of total expenditure over total receipts. This gap is filled by borrowings by the government and leads to an increase in total liabilities. In 2024-25, the fiscal deficit is estimated to be 3% of GSDP. In 2023-24, as per revised estimates, fiscal deficit is expected to be 8.9% of GSDP.

For both 2023-24 and 2024-25, the central government has permitted fiscal deficit of up to 3.5% of GSDP to states, of which 0.5% of GSDP will be available upon carrying out certain power sector reforms. Unutilised fiscal deficit limit from years since 2021-22 may also be utilised in subsequent years. In addition, the central government has been providing 50-year interest free loans for capital expenditure over and above the yearly borrowing limit since 2020-21. Additional borrowing to the extent of yearly contributions to NPS have also been permitted in 2022-23 and 2023-24.

In 2022-23, fiscal deficit was 6% of GSDP, significantly higher than the unconditional limit of 3.5% of GSDP for that year. As per budget documents, reasons for higher deficit include special loan for capital expenditure from centre (Rs 8,486 crore, i.e., 1.1% of GSDP), and certain account adjustments from suspense account.

Outstanding liabilities: Outstanding liabilities is the accumulation of total borrowings at the end of a financial year. It also includes any liabilities on public account. At the end of 2024-25, the outstanding liabilities are estimated to be 35.7% of GSDP, the same as the budget estimates for 2023-24.

Losses of State Discoms

Bihar has two state-owned power distribution companies: NBPDC and SBPDCL. In 2021-22, the two companies recorded losses of Rs 2,635 crore. In 2021-22, they recorded AT&C losses of 32%, which is significantly higher than the national average (17%). AT&C losses signify the percentage of power supplied for which the utility did not collect money. Reasons for high AT&C losses could be theft, sub-optimal distribution infrastructure, and inefficiencies in billing and collection. As of 2022-23, the state government has guaranteed loans taken by these two companies worth Rs 9,808 crore.

Figure 2: Revenue and Fiscal Balance (% of GSDP)

Note: Positive (+) figures indicate a surplus and negative (-) figures indicate a deficit; *Figures for 2025-26 and 2026-27 are projections; For 2020-21 and 2021-22, deficits reported without treating GST compensation loans as grants. RE is Revised Estimates; BE is budget estimates. Sources: FRBM Statement, Bihar Budget 2024-25; PRS.

Figure 3: Outstanding Liabilities (as % of GSDP)

Note: *Figures for 2025-26 and 2026-27 are projections; RE is Revised Estimates; BE is budget estimates. Sources: FRBM Statement, Budget in Brief, Bihar Budget 2024-25; PRS.

Outstanding Government Guarantees: Outstanding liabilities of states do not include a few other liabilities that are contingent in nature, which states may have to honour in certain cases. State governments guarantee the borrowings of State Public Sector Enterprises (SPSEs) from financial institutions. As of March 31, 2023, the state’s outstanding guarantee is estimated to be Rs 25,257 crore, which is 3% of Bihar’s GSDP in 2022-23. Of these guarantees, 52% belong to the power sector (Rs 13,008 crore).

Annexure 1: Comparison of states' expenditure on key sectors

The graphs below compare Bihar's expenditure in 2024-25 on six key sectors as a proportion of its total expenditure on all sectors. The average for a sector indicates the average expenditure in that sector by 31 states (including Bihar) as per their budget estimates of 2023-24.¹

- **Education:** Bihar has allocated 21.4% of its expenditure on education in 2024-25. This is significantly higher than the average allocation for education by states in 2023-24 (14.7%).
- **Health:** Bihar has allocated 5.7% of its total expenditure towards health, which is lower than the average allocation for health by states (6.2%).
- **Rural development:** Bihar has allocated 10.6% of its expenditure on rural development. This is significantly higher than the average allocation for rural development by states (5%).
- **Agriculture:** Bihar has allocated 3.1% of its expenditure towards agriculture. This is significantly lower than the average allocation towards agriculture by states (5.9%).
- **Police:** Bihar has allocated 5.3% of its total expenditure towards police, which is higher than the average expenditure on police by states (4.2%).
- **Roads and bridges:** Bihar has allocated 3% of its total expenditure towards roads and bridges, which is lower than the average allocation by states (4.6%).

Note: 2022-23, 2023-24 (BE), 2023-24 (RE), and 2024-25 (BE) figures are for Bihar.
